

② *Sustain our natural values and environment*

Natural and environmental values will be sustained by vegetation management and coastal management plans and the development of Hall Point to manage natural habitat and recreational potential. Other strategies include the provision of 'doggy do' bins, maintaining and improving access to beaches and the provision of trees to provide shade in public open spaces.

Strategic objectives

Objectives	Other plans	Council role	Other groups	Performance measures
Develop and implement a vegetation management plan	-	Provider	Coastcare Community NRM	Develop plan in 2007-2008

Heybridge/ Sulphur Creek/ Preservation Bay

Vision

where we're going

Along the coast from Blythe to Bay
Our active and supportive community
Living in harmony with the environment

Values

to guide our choices and behaviour

In all our dealings we will be –
Inclusive
Caring
Tolerant
Respectful
Have pride in our place

from Blythe to Bay

Future directions

the directions we'll follow to reach our destination

There are three future directions to follow over the next 10 years. Each has a number of strategic objectives. Council's role is also indicated. It can either be a Provider, Facilitator or Advocate. There are many other people both inside and outside the community who have a role to play in helping reach the desired destination and they are included. How we'll know if we're reaching the objectives of each direction is also listed.

1 Build a sense of local community

Contributing to this future direction is the provision of public amenities like rubbish bins, toilets, picnic areas, barbecues, playgrounds and change-rooms. The Sulphur Creek Hall and Penguin Surf Life Saving Club provide opportunities for focusing local community. Community amenities will also benefit the growing number of visitors to the area.

Strategic objectives

Objectives	Other plans	Council role	Other groups	Performance measures
Construct unmanned visitor information bay	Local visitor strategy	Provider	DIER Cradle Coast Authority Tourism Tasmania	Implementation of information bay in 2007
Develop and implement a precinct plan for the Sulphur Creek Hall area	-	Provider	Community facility users	Develop plan in 2008-2009 (cont. over)
Review strategy on non self-contained camper vans	-	Provider	Motor Home and Camper Van Assoc. Cradle	Review strategy in 2007-2008 along with LGAT

Objectives	Other plans	Council role	Other groups	Performance measures
Plan for the upgrade of Preservation Drive	-	Facilitator Provider	Coast Authority DIER Community	statewide review Work with the State Govt and identify actions in accordance with Partnership Agreement in 2007-2008
Investigate public access and recreation facilities with the Surf Club and outer precinct	-	Facilitator	Penguin Surf Life Saving Club	Develop plan in 2008-2009
