

Build a shared-way linking Turners Beach and Ulverstone	Develop business plan and prepare funding submission	Community	Prepare submission for 2007 grants funding round
Provide beach access for people with disabilities and restricted mobility	Provide appropriate beach access	Community Relevant standards authorities	Provision of beach access in 2008-2009

4 Traffic and transport

Demand for public transport in Turners Beach may increase. Options for responding to need and improving services should be investigated. It is also important that traffic in the area is calmed and managed for community safety.

Strategic objectives

Objectives	Council role	Partners	Performance measures
Improve community and public transport services to meet needs	Advocacy role with public transport services	Public transport services	Undertake discussions in 2006-ongoing
Calm and control traffic for public safety	Facilitation and implementation of transport plans Facilitate community education	Community Community Safety Partnership Committee Transport Department Police	Blackburn Drive plan - 2006-2007 Further plans 2007-ongoing Community education forums 2007-2009

5 Manage and maintain community facilities

Urban design can build on the strong sense of place that already exists in Turners Beach. Street furniture, signage, toilets and utilities should all build identity, not change it. The functionality of the community hall and recreation ground should be improved.

The cleanliness and amenity of the area is also important. Dog tidy bins should be provided.

Strategic objectives

Objectives	Council role	Partners	Performance measures
Build a sense of place through design guidelines for street furniture, facilities, signage and utilities	Review design guidelines	Community	2007-2008
Improve public toilet facilities	Review and upgrade toilet facilities as required	Community	2006-2007 - Construct toilet block on the Esplanade Further upgrades as required
Provide 'doggy' tidy bins	Install dog tidy bins	Community	Funds provided in Estimates for installation in 2006-2007
Improve functionality of the community hall/recreation ground precinct	Undertake a precinct plan for the area	Community Community user groups	Develop precinct plan in 2009-2010

Turners Beach Community Plan

Turners Beach

Vision

where we're going

A united, active, healthy community
Living in a safe and natural environment
By river and sea

Values

to guide our choices and behaviour

In all our dealings we will –
Respect our natural and built environment
Be friendly and welcoming
Work together as a community

by river and sea

Future directions

the directions we'll follow to reach our destination

There are five future directions to follow over the next 10 years. Each has a number of strategic objectives. Council's role is also indicated. It can either be a Provider, Facilitator or Advocate.

There are many other people both inside and outside the community who have a role to play in helping reach the desired destination and they are included. How we'll know if we're reaching the objectives of each direction is also listed.

1 Keeping our beach, bush and river healthy

The coastal, river and bush land environments make Turners Beach special. It is the reason people love living here. These environments need to be protected and managed.

Strategic objectives

Objectives	Council role	Partners	Performance measures
Develop, communicate and implement the coastal and foreshore management plan	Facilitate development of plan	Coastcare Community Govt depts	Develop plan in 2007-2008
Develop, communicate and implement a vegetation management plan	Facilitate development of plan	Coastcare Community Govt depts	Develop plan in 2007-2008
Work together to fund and implement environmental projects and activities	Facilitation and/or advocacy role	Coastcare Community	Identify actions from the fore-shore and vegetation management plans

2 Guiding future development

Turners Beach has its own look, feel and character that needs to be preserved and managed. Lack of respect for the environment, and development not sensitive to the area will destroy the very thing that is special about the area.

Strategic objectives

Objectives	Council role	Partners	Performance measures
Preserve the character of Turners Beach through sensitive urban design	Facilitate urban design guidelines	Community Developers	Develop guidelines 2008-2010
Facilitate the development of visitor facilities	Facilitation and/or advocacy role	Community Developers	Ongoing

3 Cycle ways, pathways and tracks

The community of Turners Beach value their beach, river and the bush. They also want to connect to neighbouring communities. Shared cycling and walking tracks need to be developed so people can move in to, out of and around Turners Beach. Beach access for people with disabilities should also be provided.

Strategic objectives

Objectives	Council role	Partners	Performance measures
Plan and build the Turners Beach pathway network for walking and cycling	Prepare pathway network plan Facilitate and/or implement outcomes of plan	Community Developers Neighbourhood Watch Coastcare	Develop plan 2007-2008 2008-ongoing (cont. over)
