

## Non-residential waste collection

The Council has provided a kerbside waste collection service to non-residential (commercial) properties within the Ulverstone and Penguin CBD areas since 2012. At the Council meeting held on 18 May 2020 it was resolved to restructure the service to bring it in line with the domestic (residential) collection and to offer a greater range of options and bin configurations including a food organics and garden organics (FOGO) service.

From Monday, 21 September 2020 the collection of general waste currently undertaken weekly will change to a fortnightly collection.

Businesses are able to select from the following waste configurations, multiple services may also be available subject to approval:

140 litre waste and 240 litre recycle	\$179.00
240 litre waste and 240 litre recycle	\$265.00
140 litre waste, 240 litre recycle and 240 litre FOGO	\$280.00
240 litre waste, 240 litre recycle and 240 litre FOGO	\$370.00
240 litre recycle only	\$108.00
240 litre FOGO only	\$108.00

Please note a general waste only service is not provided.

If you no longer wish to receive kerbside collection, please advise and we will arrange for your bins to be collected and a refund of any outstanding funds.

Please complete the details on the next page and return your completed application form to the Council:

Email: [admin@centralcoast.tas.gov.au](mailto:admin@centralcoast.tas.gov.au)

Post: Central Coast Council  
PO Box 220  
ULVERSTONE TAS 7315

In person: Administration Centre at 19 King Edward Street, Ulverstone.
